9/14

Miltenberg is proud of its beautifully preserved old quarter with its attractive squares, narrow winding lanes and magnificent buildings. Discover Miltenberg's many charms - red sandstone, fine half-timbered architecture, the past and the present.

In need of a relaxing break? Ready to switch off, enjoy some peace and quiet and see nature at its best? Our mountain villages - real gems that have preserved their original character - are just a few miles away in the Odenwald forest.

Well worth a visit are the palace in Kleinheubach, built by the master builder Johannes Dientzenhofer, and in nearby Bürgstadt the St. Martin's Chapel with its paupers' Bible, the Renaissance town hall and, last but not least, the vineyards.

Enjoy a spot of shopping and the warm local hospitality. Let our chefs tantalise your tastebuds and step into another world.

All year round we offer a packed events calendar. Take your pick from guided tours, comedy shows, exhibitions, concerts, theatre performances, cabaret, talks and readings.

Sightseeing highlights include the historical market square, the Gasthaus zum Riesen (Germany's oldest inn, patronised by princes), the old town hall, Mildenburg Castle with its romantic courtyard, the award-winning municipal museum, the Black Quarter...

Annual festivities include St. Michael's fair, the old town festival, the vintners' festival, Miltenberg autumn wine festival, the Christmas market...

We'd be delighted to send you our events calendar.

Why not order one right now?

Bürgstadt's red wines have an excellent reputation, not only among connoisseurs. You can taste them for yourself at our local vineyards.
